

# A sensory approach to the curriculum..

## UNIVERSAL DESIGN FOR LEARNING

Three primary principles, which are based on neuroscience research, guide UDL and provide the underlying framework :

Multiple means of: Representation. Action and Expression. Engagement  
 They are : the **WHAT** the **HOW** and the **WHY**

Know the student: Gathering baseline information

Exemplars, resources and ideas

*“UDL recognises engagement as the critical piece that underlies everything else”.*
